

**ORDINANCE NO. 659
(AS AMENDED THROUGH 659.12)
AN ORDINANCE OF THE COUNTY OF RIVERSIDE
AMENDING ORDINANCE NO. 659
ESTABLISHING A DEVELOPMENT IMPACT FEE PROGRAM**

The Board of Supervisors of the County of Riverside ordains as follows:

Section 1. TITLE. This ordinance shall hereafter be known as the Year 2001 Development Impact Fee (“DIF”) Ordinance and Section 4.60 of the Riverside County Code will read in its entirety as follows:

Section 2. FINDINGS. The Board of Supervisors, having reviewed and considered the report entitled: “Final Report County of Riverside Comprehensive Mitigation Fee Review” and the Public Facilities Needs List finds and determines that:

- a. In order to effectively implement the Riverside County Comprehensive General Plan, manage new residential, commercial, and industrial development, and address impacts caused by such development, certain Facilities must be constructed or acquired and open space, wildlife, and their habitats must be preserved.
- b. In order for the County to construct or acquire the needed Facilities and preserve open space, wildlife, and their habitats, it is necessary to require that all new development bear its fair share cost of providing the Facilities, open, space and habitat reasonably needed to serve that development.
- c. Development Impact Fees (Fees) are hereby created for that purpose.
- d. As indicated in the Report, the Fees set forth herein do not reflect the entire cost of the Facilities, open space and habitat needed in order to effectively meet the needs created by new development. Additional revenues will be required from other sources. The Board finds that the benefit to each development project is greater than the amount of the Fees to be paid by that project.
- e. Payment of the Fees does not necessarily mitigate to a level of insignificance all impacts from new development. Whether impacts associated with a particular development project have been mitigated to a level of insignificance will be determined by the County on a case-by-case basis. If the County determines that payment of the Fees, coupled with other feasible mitigation measures, does not mitigate impacts to a level of insignificance, an Environmental Impact Report will be required for the development project in question.
- f. The Public Facilities, Fire Facilities, Regional Park, Community Park/Center, Regional Multipurpose Trails, and Library Book Components of the Report and Public Facilities Needs List includes data compiled from information provided by various County departments and the Riverside County Regional Park and Open Space District; based on the anticipated needs of the County due to future development during the next ten (10) years.
- g. The Transportation and Flood Control Components of the Report and Public Facilities Needs List includes data compiled from information provided by various County departments and the Riverside County Regional Flood Control and Water

Conservation District based on the anticipated needs of the County due to future development during the next twenty (20) years.

- h.** The Fees collected pursuant to this ordinance shall be used toward the construction and acquisition of Facilities identified in the Needs List and the acquisition of open space and habitat. The need for the Facilities is related to new residential, commercial, and industrial development because such new development will bring additional people and other uses into the County thus creating an increased demand for the Facilities.
- i.** The cost estimates set forth in the Report and the Public Facilities Needs List are reasonable cost estimates for the Facilities, open space, and habitat; and that portion of the Fees expected to be generated by new development will not exceed the total fair share of these costs.
- j.** Failure to mitigate growth impacts on Facilities within the County will place residents in a condition perilous to their health, safety and welfare.
- k.** There is a reasonable relationship between the use of the Fees and the type of development projects on which the Fees are imposed because the Fees will be used to construct the Facilities and acquire open space and habitat, and the Facilities, open space, and habitat are necessary for the health and welfare of the residential, commercial, and industrial users of the development projects on which the Fees will be levied.
- l.** There is a reasonable relationship between the need for the Facilities and the type of development project on which the Fees are imposed because it will be necessary for the residential, commercial, and industrial users of the development projects to have access to the Facilities in order to use, inhabit, and have access to the development projects. New development will benefit from the Facilities and the burden of such new development will be mitigated in part by the payment of the Fees.
- m.** There is a reasonable relationship between the need to acquire open space and habitat within that portion of the County not subject to the provisions of Ordinance No. 810 and the type of development project on which the Fees are imposed because in order to ensure the continued viability of sensitive, rare, endangered, and threatened species of wildlife, vegetation, and their habitats it is necessary to acquire and preserve open space and habitat to address development related impacts.
- n.** The cost estimates set forth in the Report and the Public Facilities Needs List are reasonable cost estimates for constructing the Facilities and acquiring open space and habitat, and that portion of the Fees expected to be generated by new development will not exceed the total fair share of these costs.
- o.** Even though second units on existing single family lots may also contribute to the need for certain of the Facilities, the Board refrains from imposing Fees on such development at this time, and in this regard finds that second units: (1) provide a cost-effective means of serving development through the use of existing infrastructure, as contrasted to requiring the construction of new costly infrastructure to serve development in undeveloped areas; (2) provide relatively affordable housing for low and moderate income households without public

subsidy; and (3) provide a means for purchasers of new or existing homes to meet payments on high interest loans.

- p. This Ordinance is for the purpose of promoting public health, safety, comfort, and welfare and adopts means which are appropriate to attaining those ends.

Section 3. AUTHORITY. This ordinance is established under the authority of Article 11, Section 7 of the California Constitution and Title 7, Division 1, Chapter 5 of the Government Code, beginning with Section 66000, which provides that a local agency may establish fees for the purpose of defraying all or a portion of the cost of public facilities related to development projects.

Section 9. AREA PLAN BOUNDARIES. The boundaries of each Area Plan are as set forth in that document entitled Riverside County DIF Program Area Plan Maps – Year 2000, which is on file with the Clerk of the Board.

Section 10. IMPOSITION OF FEES. Notwithstanding any provision of Riverside County Ordinance No. 457 to the contrary, no building permit shall be issued for any Development Project except upon the condition that the Development Impact Fees required by this ordinance are paid.

Section 11. SUPERSESSION OF OTHER FEES. The Fees established by this ordinance shall supersede and replace those fees previously established and applicable under Riverside County Ordinance No. 659 or Riverside County Ordinance No.748 and shall apply to the issuance of any development permit or entitlement made on and after the date that this ordinance takes effect.

Section 12. PAYMENT OF FEES. Fees will be paid as follows:

- a. The DIF shall be paid at the time a certificate of occupancy is issued for the Development Project or upon final inspection, whichever occurs first. However this section shall not be construed to prevent payment of the Fees prior to issuance of an occupancy permit or final inspection. The Fees may be paid at the time application is made for a building permit.
- b. DIFs shall be assessed one time per lot or parcel except in cases of changes in land use. Fees for changes in land use shall be reduced by the amount of any previously paid fees for that property, and no refunds will be provided for changes in land use to a lower fee category. It shall be the responsibility of the applicant to provide documentation of any previously paid Fees.

DIFs for Commercial and Industrial Development Projects shall be paid in its entirety for the Project Area and shall not be prorated.

- c. The DIF required to be paid shall be the Fee amounts in effect at the time of payment.
- d. There shall be no deferment of the Fees beyond final inspection or issuance of certificate(s) of occupancy.
- e. Notwithstanding any other written requirements to the contrary, the DIF shall be paid whether or not the Development Project is subject to Riverside County conditions of approval imposing the requirement to pay the DIF.
- f. If all or part of the Development Project is sold prior to payment of the DIF, the property shall continue to be subject to the requirement for payment of the DIF as provided herein.
- g. For Development Projects which the County of Riverside does not require a final inspection or issue a certificate of occupancy, the DIF shall be paid prior to any use or occupancy.

Section 13. ACREAGE-BASED FEES. Development Impact Fees for commercial or industrial projects are based on units of developed acreage and shall be computed on the basis of the Project Area in accordance with the following:

- a. The Project Area shall be determined or verified by county staff based upon the applicant's development plot plan as submitted to the Planning Department.
- b. If the difference between the net acreage, as exhibited on the plot plan, and the Project Area is less than one-quarter acre, the fees shall be charged on the full gross acreage.
- c. The applicant may elect, at his or her own expense, to have the Project Area evaluated, dimensioned, and certified by a registered civil engineer or a licensed land surveyor. The engineer or land surveyor shall prepare a wet-stamped letter of certification of the Project Area dimensions and a plot plan exhibit that clearly delineates the Project Area. Upon receipt of the letter of certification and plot plan exhibit, the Fees will be established based upon the certified Project Area.

- d. Areas of legally restricted construction, such as Federal Emergency Management Agency designated floodways, open space lots, and areas dedicated to a public entity for public use within Project Areas shall be excluded for the purpose of computing acreage-based Fees

Section 14. FEE ADJUSTMENT. The Board of Supervisors may periodically review and cause an adjustment to be made to the Development Impact Fees. By amendment to this ordinance, the Fees may be increased or decreased to reflect changes in actual and estimated costs of the facilities, including, but not limited to, debt service, lease payments, and construction costs. The adjustment in the Fees may also reflect changes in the facilities required to be constructed, in estimated revenues received pursuant to this ordinance, as well as the availability or lack thereof of other funds with which to construct the facilities. Any adjustment in the Fees will be prospective only and will become effective as of the date any such amendment is effective.

Section 15. TEMPORARY REDUCTION OF FEES. Pursuant to the fee adjustment authority set forth in Section 14. of this ordinance and notwithstanding Section 7. or any other provision of this ordinance, the DIF amounts in effect on the effective date of Ordinance No. 659.12 shall be temporarily reduced by fifty percent (50%) commencing retroactively on July 1, 2013.

- a. Application. The temporary fee reduction described in this section shall not apply to or affect fees owed under any development agreement or other contractual arrangement in effect on or before the effective date of Ordinance No. 659.12. If reduced fees are paid at the time application is made for a building permit and either the application or the building permit issued on the application expires, subsequent building permit applications on the same parcel shall be subject to the full DIF amount, unless the temporary fee reduction is still in effect at the time of the subsequent application.
- b. Effect. The provision of this section shall entitle any person who has already paid Development Impact Fees between July 1, 2013 and the effective date of this ordinance to receive a refund, credit or reimbursement of such payment. This ordinance does not create any new Development Impact Fees or increase the amount of any existing Development Impact Fees. This ordinance only effects a reduction in the County's existing Development Impact Fees.

Section 16. REDUCTION FOR SENIOR CITIZEN'S RESIDENTIAL UNITS. The Fees required pursuant to Section 7 of this ordinance shall be reduced by 33.3 percent of the applicable SFR Fee Amount for Senior Citizen's Residential Units. No reductions will be applied to the MFR Rates,

Section 17. MIGRANT FARMWORKER HOUSING FACILITY. Development Projects that are Migrant Farmworker Housing Facilities as defined in Section 17021.6 of the Health and Safety Code shall pay the applicable SFR Fees unless otherwise provided for by a Development Agreement.

Section 18. CREDITS. If an owner or developer of real property dedicates land or constructs facilities identified in the Public Facilities Needs List, the County may grant the owner or developer a Credit in one or more of the Fee Components described in this ordinance against the Development Impact Fees required. No Credit shall be granted for the cost of improvements not defined herein as "Facilities." An owner or developer may request a Credit from the Transportation and Land Management Agency at the time of development approval. A Credit granted at the time of development approval shall be included as a condition of that approval. After development approval, but before the issuance of a building permit, an owner or developer may request a Credit from the Executive Office. If the Transportation and Land Management

Agency or the Executive Office determines that a Credit is appropriate, the owner or developer shall enter into a Credit Agreement which shall be approved by the Board of Supervisors. The Credit amount shall be initially calculated by estimating the fair market value of the land dedicated or by estimating the cost of constructing Facilities. The County shall subsequently review and determine the actual value of the land dedicated and the actual construction costs allowable. Any Credit granted shall not exceed the allocated cost for the Facilities. Any Credit granted shall be given in stated dollar amounts only.

Section 19. EXEMPTIONS. The following types of construction shall be exempt from the provisions of this ordinance:

- a. Reconstruction of a residential unit or commercial or industrial building damaged or destroyed by fire or other natural causes;
- b. Rehabilitation or remodeling of an existing residential, commercial, or industrial building and additions to an existing residential unit or commercial or industrial building.
- c. The location or installation of a mobile home, without a permanent foundation, on any site. The Fees required under this ordinance shall not be applicable to a site preparation permit or an installation permit for a mobile home without a permanent foundation. No site preparation permit or installation permit for a mobile home with a permanent foundation shall be issued after January 22, 1989, except upon the condition that the Development Impact Fees required by this ordinance be paid; provided however, in those instances where a site preparation permit or an installation permit has been previously issued for a site and the Development Impact Fees have been paid, the Fees required under this ordinance shall not be applicable to a site preparation permit or an installation permit for a mobile home with a permanent foundation. Further, in those instances where an installation permit was issued prior to January 22, 1989 for a mobile home without a permanent foundation and a site preparation permit or installation permit is subsequently requested for the construction of a permanent foundation for said existing mobile home, the Fees required under this ordinance shall not be applicable to the permit subsequently issued for the construction of said permanent foundation.
- d. Residential Units in publicly subsidized projects constructed as housing for low-income households as such households are defined pursuant to section 50079.5 of the Health and Safety Code. "Publicly subsidized projects," as the term is used herein, shall not include any project or project applicant receiving a tax credit provided by the State of California Franchise Tax Board.
- e. Detached Second Units pursuant to Section 18.28a of Riverside County Ordinance No. 348 and Attached Second Units pursuant to Section 18.28b of Ordinance No. 348.
- f. Construction of an SFR unit upon property wherein a mobile home, installed pursuant to an installation permit, was previously located prior to January 22, 1989.
- g. Construction of a Residential Unit replacing a Residential Unit which has been acquired by the Metropolitan Water District for purposes of constructing its Diamond Valley Lake.

Section 20. FEE ADMINISTRATION. All Fees received pursuant to this ordinance shall be deposited, invested, accounted for, and expended in accordance with Section 66006 of the Government Code and all other applicable provisions of law.

Section 21. ADMINISTRATIVE COSTS. The costs for administering the provisions of this Ordinance shall be recovered annually using revenues from the DIF Program Administration Fund subject to approval of the Executive Office.

Section 22. VALIDITY. This ordinance and the various parts, sections and clauses thereof are hereby declared to be severable. If any part, sentence, paragraph, section or clause is adjudged unconstitutional or invalid, the remainder of this ordinance shall not be affected thereby. If any part, sentence, paragraph, section or clause of this ordinance, or its application to any person or entity is adjudged unconstitutional or invalid, such unconstitutionality or invalidity shall affect only such part, sentence, paragraph, section or clause of this ordinance, or person or entity; and shall not affect or impair any of the remaining provisions, parts, sentences, paragraphs, sections or clauses of this ordinance, or its application to other persons or entities. The Board of Supervisors hereby declares that this ordinance would have been adopted had such unconstitutional or invalid part, sentence, paragraph, section or clause of this ordinance not been included herein; or had such person or entity been expressly exempted from the application of this ordinance.

Section 23. EFFECTIVE DATE. This ordinance shall take effect 30 days after the date of its adoption.
